8th NSEDP Conclusion and 9th NSEDP direction

The 8th NSEDP

(the central document for national development from 2016 to 2020)

- Accomplishments:
 - the fulfilment of all three LDC graduation criteria,
 - the development of the National Green Growth Strategy, and
 - SDG localization and Paris Agreement ratification.
 - Overall achievements including positive growth, social indicators improved and green growth more streamlined.
- Challenges remained, among others, in terms of:
 - the outbreak of the COVID-19 pandemic - threatens to halt and potential reverse Lao PDR's development progress,
 - the development gap,
 - the role of the private sector, both domestically and internationally
 - environmental degradation and climate change, and

The 9th NSEDP (2021-2025)

- The drafting process of the 9th NSEDP started in 2018
- Adapted to the changing context of the COVID-19 pandemic - A multi-stakeholder taskforce was formed in response to the pandemic – inputs needed for revising policy options and priorities of the NSEDP.
- A final draft was presented to and endorsed by the National Assembly in March 2021.
- The 9th NSEDP embeds four overarching directions for development: quality, focused, green and sustainable while ensuring the central framework will bring
 - the country closer to achieving the 2030 Agenda for Sustainable Development
 - to the edge of LDC Graduation,
 - successful recovery from the pandemic.
- There are six outcomes and 25 outputs, which are as follows:
 1. Continuous quality, stable and sustainable economic growth achieved;
 2. Improved quality of human resources to meet development, research capacity, science and technology needs and create value-added production and services;
 3. Enhanced well-being of the people;
 4. Environmental protection enhanced and disaster risks reduced;
 5. Engagement in regional and international cooperation and integration is enhanced;
 6. Public governance and administration improved, and society more equal, fair, and protected by the rule of law.

13th HL RTM Workstream 2.3 – A plan for development of COVID-19 recovery framework

In 2020, MPI with the support of the UN convened a Multi-Stakeholder Taskforce to Support a Determination of the 9th NSEDP and SDG Localization due to the Impact of COVID-19.

- Taskforce consisted of key national policymakers and development partners
- Work was structured across five themes (five background papers produced) – followed a thematic policy dialogue
- A set of key recommendations to inform the 9th NSEDP and for consideration by Sector Working Group Chairs and Co-Chairs were drafted
- Building on this, the Government has **requested the taskforce to review and revise** – as a means to provide an up-to-date situational report on the reverberating effects of the pandemic and priority areas that will require attention to ensure a successful recovery.

Five themes of the COVID-19 Multi-Stakeholder

1. Financing for sustainable development and effective development cooperation (led by MoF, WB and NIER);
2. Trade and private sector, value chains and tourism (led MOIC and ITC);
3. Green growth, resilience and risk management with respect to potential environmental, health, and economic shocks (led by MoNRE, NIER, CDR, ADB, GGGI, UNDRR, UNEP and WB);
4. Manage changes and enhance policy preparedness for decent work (led by MoLSW, ILO and IOM); and
5. Human capital including health and education (led by MoES, MPI, UNFPA, UNICEF and WHO).
