

1. Budget not sufficient for the implementation of EORE activities for at-risk groups, especially those that have been victims of UXO accidents. Operators lack fund to produce different kinds of EORE content that are relevant to different target groups.
2. Continue IM trainings for local authorities (district and provincial) for government staff members that had previously attended the training to have a consistent participation and to develop specialists that would be able to transmit acquired knowledge to other staff members.
3. Coordination, reporting and exchange of information regarding victim assistance between operators that implement VA activities and the NRA Office still lack harmony as there is no legal documents to serve as a basis for implementation.
4. Suggestion for project owners (concerned Ministries of the Lao Government) to strictly enforce the implementation of the Prime Minister's Order No. 039/PM dated 28/09/2016 on Explosive Ordnance Risk Education and UXO, especially the budget allocation for UXO clearance in infrastructure development projects in Lao PDR.
